DETAILED ACTION

1. Claims 70-79 and 92-111 are pending. Claim 93, 101, and 111 have been amended in this communication filed 12/15/09 entered as Response to Non-Final Action.
2. The IDSs filed 9/27/04, 04/20/07, and 03/11/10 has been reviewed and entered.
3. The 35 USC 112, Second Paragraph Rejections for claims 70, 73, 78, 79, 93, 101, and 111 have been carefully reviewed and considered and are hereby withdrawn.

Claims 70-79 and 92-111 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art Spector discloses A method for producing a gift certificate including the account identifier, the gift certificate not including the account identifier, and distributing the gift certificate to an owner of the financial account. Spector does not disclose a certificate identifier linked to an account identifier that is associated with a financial account with the certificate identifier being different from the account identifier and where the financial account identifier cannot be discerned from the gift certificate identifier by a third party.

Nilssen (US 5,083,782) discloses monetary certificates and travelers checks. Nilssen does not disclose a certificate identifier linked to an account identifier that is associated with a financial account with the certificate identifier being different from the account identifier and where the financial account identifier cannot be discerned from the gift certificate identifier by a third party.

David Foley; "Speaking Directly: will that be cash or Waldenbooks Visa?" discloses earning points to receive a gift certificate. David Foley; "Speaking Directly:

will that be cash or Waldenbooks Visa?" does not disclose a certificate identifier linked to an account identifier that is associated with a financial account with the certificate identifier being different from the account identifier and where the financial account identifier cannot be discerned from the gift certificate identifier by a third party.

Other Relevant Prior Art

N.H. Weighs plan on gift certificates; [First Edition]"; Boston Globe Boston, Mass.

Donna Erickson; "Unique gift card give Mon a hand; [Home Edition]".

Antoinette Coulton; "Beyond Plastic, a striving for Relationship Series; 15".

Walker et al. (US 6,193,155).

An extensive search was performed and no better prior art was found.

For these reasons claims 70, 73, 76-79, 110, and 111 are deemed allowable over the prior art of record and claims 71, 72, 74, 75, 92-109 are allowed by dependency.

It appears that the instant invention is beyond the skill of one of ordinary art. Accordingly the invention would NOT have been obvious because one of ordinary skill could not have been expected to achieve it. NOR would they have been able to predict the results, and as such, they would have not capability of expecting success.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
